

Indian American Medical Association - Illinois
presents the

25th Annual Golden Stethoscope Awards

Oct 4 • Willowbrook, IL • 7:00 pm

Join us

for a night of networking as we celebrate research innovations & make connections with world-renowned physicians.

Every year the best & brightest medical students & residents compete to present the most groundbreaking & innovative research projects. The winner of the Dr. Asok Ray Award for Excellence will be recognized at our Annual Gala Banquet. All Golden Stethoscope Award winners are lauded for:

- Outstanding Achievements
- Innovative Research
- Advancement of Human Knowledge
- Betterment of Society

To participate in the Golden Stethoscope Awards

submit an abstract covering your clinical or laboratory research, evidence-based practice projects, quality improvement initiatives, or clinical case studies. Four (4) candidates will be chosen from the abstract submissions to present their findings on Oct. 4th.

Promotional abstracts will not be accepted.

Abstract Submission Forms and more details can be found at

www.iamail.org

ABSTRACT SUBMISSION INSTRUCTIONS

Abstracts may relate to clinical or laboratory research, evidence based practice projects, quality improvement initiatives, or clinical case studies. Abstracts should be free from commercial bias. Promotional abstracts will not be accepted. This is open to all students, residents and fellows in training.

The first author is considered to be the primary author, responsible for the content and integrity of the project. All authors, including primary authors may submit more than one abstract if desired. However, each author can serve as primary author only once. The primary author is expected to present the abstract at the meeting.

Abstract Submission Deadline: Extended to September 15, 2019, @ Midnight (CT)

Please review the following instructions and adhere to them as you develop your abstract.

Abstracts should not exceed 525 words, excluding title. Author's names and institutions should not be included in the title or abstract. Titles should not exceed 300 characters.

Research and QI projects should address the following areas:

- Background
- Methods
- Results
- Conclusion

Implications Case studies should include the following:

- A thorough description of the clinical situation
- Synthesis of relevant literature
- Implications for clinical practice

Submit your abstract on the IAMA-IL Abstract Submission Form

Downloadable at www.iamail.org

Abstracts submitted after midnight central time on September 15, 2019, will not be reviewed. Those chosen to present at the Golden Stethoscope Awards will be notified via email by September 25, 2019.

Each Presentation at the Golden Stethoscope Award event will be 10-minutes in length with 3-minutes for Q & A after each presentation. Presentations are required to be in PowerPoint format. More details will be provided to the chosen presenters.
